Essay:

The issue of school holidays has been discussing for a very long time. Some people think that holida should be longer. There're also those who say that it shouldn't.

Gr Speaking about this theme, different vacations/times have its advantages and disadvantages. less holidays more lessons. Your grades will be better and the edu cational material will not be forgotten during the shor holidays. But the more students rest, than less likely

Gr they are to experience burnout and depression due to the long study period.

~~What people~~ All students spend their holidays

Gr differently. Nowadays most of them prefer spend their

lejsure time with computers, TV shows, ~~music~~ music a

Gr lex other ~~things~~. Rest of them pay attention to their families, friend pets, ~~bring~~ As for me, I usually do my hobbies. But it would be better if we read more books, scientific work or even got prepared for the future exams.

lex I think that the long of summer holidays is enough for each student and there is no any need to ~~t~~ make it longe This outcome will have a better effect on studies. In this case students have more learning hours.

According to the arguments presented above I can note

lex that long holidays have a better effect on the moral of schoolchildren. While short vacations/time gives you an opportunity to be more clever.
